

# Love Every Walk

Omni No-Pull Solution

**comPawdre**<sup>™</sup>  
FUNCTIONAL FASHION FOR DOGS ON THE GO

# No More Pulling. Safer Dog, Happier You!

Our unique innovations: The **Omni 3-Point Connection Harness** and **Omni Expandable Leash** together create the perfect solution to your dog walking woes.

Perfect for urban and rural dog walking, jogging and running, this revolutionary harness and leash system will absolutely change your dog walking experience.

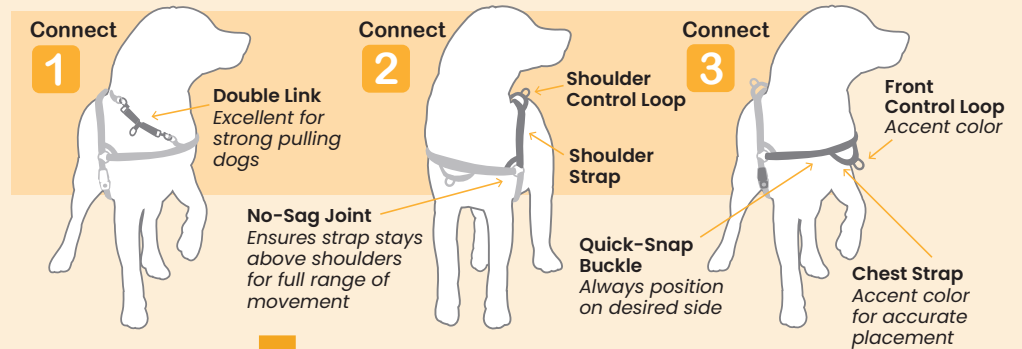

## The Ultimate, Most Humane No-Pull Dog Walking System

### The Omni 3-Point Connection HARNESS

Our easy-to-use harness promotes gentle and effective leadership of your dog and safely discourages pulling and lunging behaviors. Multiple leash attachment points yield three control options for your dog (shoulder loop, chest loop, or both). A single quick-snap buckle ensures fast and accurate placement every time. **Available in 4 sizes.**

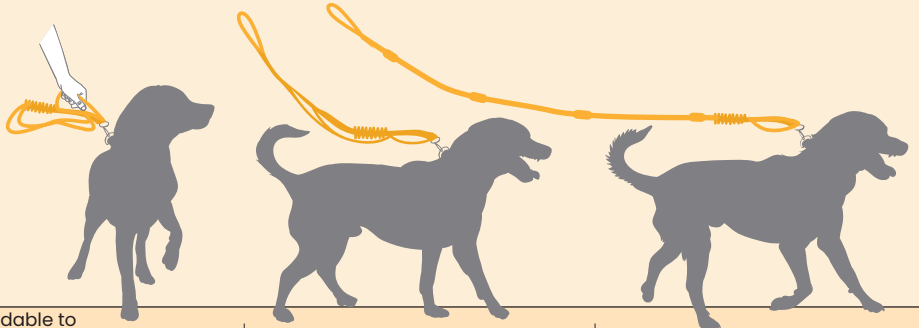

OR

### The Omni & Omni Lite Expandable LEASHES

Our patent-pending, multi-purpose expandable leashes easily adjust to 3 different lengths in a matter of seconds by utilizing our color-coded clips. At the 7' length, the Omni Expandable Leash's unique bungee shock absorber prevents shoulder injury for the walker, and neck/shoulder injury for the dog. A light-weight soft weather resistant waste bag is attached for convenience.

Expandable to	1'	4'	7'
Omni Leash	1'	4'	7'
Omni Lite	2'	4'	6'

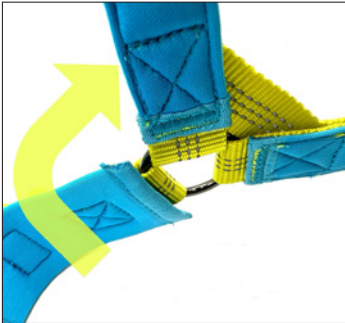

## Effective & Versatile

Perfect for any situation or terrain. Our harness offers multiple leash connection points giving you three control options (connect at the shoulder, chest or both with our double link attachment). Our dual attachment link promotes training your dog to remain on one side of you as you walk.

## Gentle

Designed to apply gentle tightening pressure to your pet's chest and/or shoulder preventing injury to your dog's neck or trachea.

## Comfort

Designed for all day comfort. Neoprene-lined padding and outward facing seams prevent chafing your dog's skin. "No-sag" seam joints keep the chest strap in place allowing full range of motion of the dog's front legs. Minimum material coverage reduces overheating in warm temperatures. Neoprene-lined leash handles provide a comfortable and secure grip.

## Safe

Our Omni Expandable Leash has a shock absorbing bungee to reduce injuries to you and your pet during sudden pulling events. Reflective webbing enhances night-time visibility.

## Easy-On, Easy-Off

No more struggling with confusing, multiple harness clips. Our single parachute buckle secures the harness to your dog taking only seconds to put on, or take off.

## Unparalleled Construction

Designed to provide years of performance. Our robust materials and hardware have been carefully selected for strength, function and style. Square-edged harness tensioners provide more "bite" to the material to maintain size adjustments longer. Our snap rings have been pull-force tested to determine their breakpoint for your peace-of-mind.

# The No-Pull Solution

Patent Pending

## Omni Harness

- Available in 4 sizes  
S, M, L, and XL
- Chest Width
